

## **PLATINUM GUARANTEE**

### **WARRANTY PLAN**

#### **From White Magic Inc.**

White Magic Inc. warrants truckmount machines of its manufacture to be free from defects in material and workmanship if properly installed according and operated under normal conditions with competent supervision that is illustrated in White Magic's manual.

No person, agent, representative or dealer (distributor) is authorized to give any warranties on behalf of White Magic or to assume for White Magic any liability in connection with any White Magic products.

This warranty shall extend to the original purchaser of equipment for the time listed below from date of installation.

To ensure the functionality and safety of equipment, if the purchase without the consent of White Magic makes repairs, replacement or modification, White Magic's warranty shall cease to be in effect.

Machinery, equipment and accessories furnished by White Magic, but manufactured by others, are warranted only to the extent of the original manufacturer's warranty to White Magic unless specified by White Magic.

White Magic agrees, at its option, to repair or replace without charge any parts or products of White Magic's manufactures, which within the warranty period shall be proven to White Magic to have been defective when shipped, provided that the purchaser or distributor promptly notifies White Magic in writing of defect. White Magic will pay all freight and transportation charges within the United States under normal ground shipping, for replacement of parts covered under this warranty for a period of one year.

White Magic's warranty covers parts and does not cover labor which may be necessary in completing the repairs. White Magic's liability to purchaser, whether in contact out of warranties, representation or defects from any cause shall be limited to repairing or replacing the defective parts using new or remanufactured parts. To be covered for warranty coverage, defective parts must be returned to White Magic within 30 days. No liability shall be attached to White Magic until products have been paid for.

As stated in White Magic's warranty only the parts and the performance of the equipment is covered, and White Magic shall have no liability for consequential, incidental, or other damages caused, including but not limited to lost business, downtime, lodging or any other incidentals. Parts covered under this warranty will be warranted for only the remaining time left in the original warranty period of the equipment.

All components not listed in the schedule below are covered under this warranty for a period of one (1) year, except those, which are considered by White Magic, to be expendable in normal use, including paint and other cosmetic parts or features. Freezing of any water or chemical related components would VOID all warranties in the affected components and areas.

The use of any chemical or solvents, which may damage metal, rubber, plastic, or painted parts, will VOID all warranties on those parts.

FRAME, COVER ASSEMBLIES .....	5 YEARS
